The logo for Westbeach BACKCOUNTRY. It features a stylized 'W' icon on the left, composed of two overlapping semi-circles. To the right of the icon, the word 'Westbeach' is written in a bold, sans-serif font, and 'BACKCOUNTRY' is written below it in a larger, all-caps, bold, sans-serif font.

Our most technical, breathable and waterproof outerwear yet. Our Backcountry range with Cocona® Technology is perfect for those who won't compromise when it comes to hiking and finding those perfect lines.

A dark, rounded rectangular label with the word 'MEN' written in white, all-caps, sans-serif font.

 **Cocona® active particles absorb energy to accelerate evaporation and increase breathability**

WHAT IS COCONA®?

Evaporative Cooling

Cocona® Fabrics spread moisture over a vast surface area created by the active particles accelerating evaporation, reducing dry times and keeping users dry and comfortable in both hot and cold environments.

Odour Management

Odours are adsorbed into the active particles and then released with normal laundering thereby refreshing the garment.

Natural Technology

Cocona® technology uses activated carbon derived from recycled coconut shells and naturally occurring minerals.

CLASSIC

Our Classic range goes back to the future with classic geometric shapes and neon influences - inspired by an era we always dreamed of.
